TRANSCRIPTION #09 - LETTER FROM MR. AL-MARRI DATED MARCH 3, 2006

Dear A1, L, C, M & J,

Peace be upon who follow the guidance.

I received your letter #61 dated Feb. 28, today, Thu., the 2nd.

First, due to the differences in culture & religion, unexpected reaction to certain action is expected & no need for apologies. What count to me is the intention which I know beyond any doubt is genuinely (*genuinely*) good.

Second, thanks for the good news, however, if you would please send me the transcript of the court hearing and please make this a rule of thumb for any future court hearing in order for me to know what is going on. You see I told you this dictionary is very good even Judge Carr got one, may we should send one to my pal Bush.

Third, the camera still covered, they don't even bother to take down anymore as one of them said this is a professional protest or civil disobedience. Even during this time I have heard 3 different ways of getting me back my privileges they also now they do not put the leg irons on when I go to rec or shower, only hand cuffs. They also started to shake my hand when visited by the chain of command. I know my problem is not here, it up there b/n you & my real lawyers (Wash.). They tell me, we want to give you everything, b/c if you are happy, we are happy. Anything keep you busy is good.

Finally, I hope to see you soon.

Yours,

Ali
